RIDDLES IN MATHEMATICS & THE CINEMATOGRAPHER PROJECT WORLD VIEW - DVD 2-PACK

RIDDLES IN MATHEMATICS

TransWorld SKATEboarding is proud to introduce its 29th full-length video, Riddles in Mathematics, starring Yaje Popson, Ben Gore, Leo Valls, Bobby Dekeyzer, and featuring Bobby Worrest and Stevie Perez. Building on the creative platform of unhindered self-expression he began to hone with Substance (TWS Video 27, 2016) — filmmaker Chris Thiesen leads his handpicked crew of skaters on another worldwide tour in his quest to capture the best — and most unique — skateboarding on the planet. The finished product, woven together as an audiovisual work of art, furthers Thiesen's contributions to the most-respected and longest-running video legacies in the history of skateboard filmmaking.

THE CINEMATOGRAPHER PROJECT

Some of the best filmmakers in skateboarding take an assorted cast of skaters around the globe to skate some of the most epic spots that have ever been seen. Featuring segments from Sour, Isle, PASS-PORT, Kyle Camarillo, and Patrik Wallner.
